USAGE RULES (SEND TO TEAM)

- Clear space on all sides = the height of the "P" in the wordmark. Never less.
- Never recolor the accent stroke. It's #0d7c54. Always.
- Do not reconstruct the mark. Use the provided SVG / PNG only.
- Minimum size · horizontal: 120px wide · stacked: 80px · mark: 16px.
- Never place on a photo without a solid-color tile behind it.

Three signatures, same system.

Each renders in Gmail, Outlook, and Apple Mail (HTML tables, inline styles, no imported fonts — falls back to Arial / Helvetica gracefully).
