What Prime Path actually is, in 30 seconds.

— WHO IT'S FOR

High earners in tech

Founders with equity events. Operators with \$300k+ RSU vests. Investors with K-1 income. Anyone clearing \$1M whose CPA "files returns" instead of planning them.

- ✓ \$1M+ in W-2, equity, or K-1
- ✓ California, Washington, NY focus
- ✓ Private wealth, not consumer tax

— WHAT WE DO

Proactive planning + execution

We design a year-round strategy — entity structure, equity timing, retirement vehicles, real-estate offsets — and execute it with you, not after the fact.

- ✓ Quarterly planning sessions
- ✓ Equity & exit structuring
- ✓ Filed by us, end of season

— WHAT YOU GET

A practice on retainer

A documented multi-year tax plan. A dedicated partner who answers your texts. Independent CPA review on every filing. One flat annual fee — no hourly clock.

- ✓ Dedicated lead advisor
- ✓ Encrypted client portal
- ✓ Flat fee, no surprises

*"I had a Series-B exit and three different CPAs told me to just 'pay the tax.' Prime Path found **\$412,000** in legitimate planning moves we hadn't considered. Paid for the next decade of fees in one engagement."*
